#### *Internship:*

**Dental Concepts**, Mumbai, Admin Intern 2024

Dental Concepts is a Mumbai-based dental clinic offering comprehensive oral healthcare services, including preventive, cosmetic, and restorative dentistry.

– Completed a month-long internship at Dental Concepts Clinic, assisting with appointment scheduling, patient records, billing, and insurance documentation.

– Gained hands-on experience in healthcare administration, developing skills in organization, time management, and professional communication.

**Ashish Maternity and IVF Clinic**, Mumbai, Admin Assistant 2023

Ashish Maternity and IVF Clinic is a women's healthcare facility specializing in maternity services, gynecology, and fertility treatments.

– Interned at Ashish Maternity and Nursing Home observing clinical and administrative operations in women's healthcare. Assisted with filing, organizing patient charts, and preparing examination rooms.

– Gained foundational skills in organization, time management, and communication, while learning the importance of confidentiality and teamwork in a medical setting.

#### *Learning and Observations:*

Conducted interviews with the following accomplished leaders in the different fields of Life Sciences, Business of Healthcare 2025

**Dr. Gagan Raina, President & CEO, Arisia:** Gained insights into healthcare entrepreneurship, business strategy, and leadership in medical innovation.

**Ashutosh Gupta, Chief Strategy & Marketing Officer, GEBBS Healthcare:** To explore strategic planning, healthcare marketing, and industry trends.

**Nidhi Kunal Doshi, Manager- Admin & Operations, Aashish Maternity and IVF Clinic:** To understand clinic management, patient coordination, and operational workflows in women's healthcare.

**Dr. Ekta Doctor, Founder, Dental Surgeon, Dental Concepts:** To learn about dental practice management, patient care, and entrepreneurship in healthcare.

**Aarti Gill, Founder OZiva:** To explore questions on OZiva's clean, plant-based nutrition solutions, that are developed by integrating Ayurvedic principles with modern science.

Through the course I was able to get a grasp of the history of the healthcare industry in the states as well as the laws implemented over the years. Additionally, I learnt how management functions in such a sector as well as the finances and different Health delivery organization facilities alongside different Human resources and roles.
